EDITOR'S MESSAGE

We the 1965 Leopard Staff have tried to create in this yearbook what we hope will in years to come bring back many memories. Because of my capable assistants it was both a pleasure and a challenge to compile this yearbook. I would like to thank the administration and the faculty for their cooperation. A special thanks is due Mrs. Batson for her help and advice.

The staff sincerely hopes that as you look through this yearbook you will remember, as we do, the words of our school song ". . . for the memories we'll cherish forever and a day. For the many hours we've spent here with friends old and new . . ."

DEDICATION

We the 1965 graduating class of New Home High School respectfully dedicate this annual to Mrs. Pauline Batson. Her patience and understanding has guided us through these past two years. We shall always be grateful to her for the untiring devotion and helpfulness she has given us to make these last two years in high school a memorable part of our lives.

It gives me pleasure to commend the annual staff for the hard work that they have done in completing the school annual. We know you have sacrificed many hours in accomplishing this work. We hope you have learned a lot from having done this job.

Congratulations to all who have had a part in it. We feel that you should be honored for this work.

Your Superintendent,

H. L. Miller

To the Student:

What is it that gives life full meaning? I believe it is love and devotion for your fellow man. As we work and play we come in contact with other people, so the great lesson we must learn is to get along with our fellow man.

We strive to teach this lesson in the classroom, school teams and other school organizations.

I wish to congratulate the Seniors and annual staff for the fine team work shown in developing this year's annual. May the best in life come your way.

Sincerely yours,

W. P. Hedges

W. P. Hedges

Congratulations to the annual staff upon the completion of a fine edition. It is a storehouse of the fine achievements of your school. As you review it through the years, remember that education is a never-ending process, here just begun.

Sincerely,
Kerman Bond
Junior High Principal

The pathways through school are memorable ones. Education is in itself a wide and heavily traveled pathway. There are many forks in this pathway--each leading to some goal set by those who are traveling upon it.

Just as some roads are unpaved, so are some pathways to success unpaved. There are many rough and threatening sections. However, if the goal is kept in view, all difficulties can be surmounted, and the pathway will have served its purpose of furnishing a means of guidance.

I am proud of all our elementary faculty who are the guideposts along our childrens way. Without them our trek would be futile.

Sincerely yours,
John H. Turner
